Homestead Pa.

Dear Posey:

I put off answering your letter until I was able to get in touch with Semler and Pompez. I had to contact both of them at their homes.

They said they would be glad to talk to you and Sonny if you came east. There is no question about the fact we should be making some effort to do something if we have any hopes of operating next year. Even if we dont operate, we still should be trying to find out where we stand.

I havent talked to Gottlieb, or made any effort to contact him. Did you want him also?

Let me know in time so I can telephone Semler and Pompez, or you can write them directly to their homes, when you and Sonny plan to come.

Very Truly Yours
